«Верите ли вы, что...?»

Do you believe that:

1. When the Europeans arrived on the continent they called America in the 15th century, many different native tribes already lived there.
2. Seven families could live in one house.
3. Native Americans made their clothes from wood.
4. Native Americans didn't respect the environment.
5. The Europeans brought horses to America.
6. Native Americans could leave their farms and move from place to place.
